*Innovative Agriculture
for a Sustainable Future*

“ Innovative Agriculture Solutions ”

Company Overview :-

Gopal Agro is an Innovative Agricultural Input Company Specializing in High-Quality FCO Grade Biostimulants, Water soluble Fertilizers, Biofertilizers, Organic fertilizers, Chelated Micronutrients, and Sustainable Crop Nutrition Solutions. Our mission is to Improve Crop Productivity, Soil Health and Farmer Profitability Through Science-Driven and Eco-Friendly Agricultural Technologies.

We Provide Advanced Crop Solutions Designed to Enhance Plant Growth, Nutrient Efficiency, Stress Tolerance, Flowering, Fruit Quality, and Overall Yield Performance. Inspired by Sustainable Agriculture Practices, Our Products Help Farmers Reduce Dependency On Excessive Chemical Fertilizers While Improving Long-Term Soil Fertility.

About Us :-

Founded With a Vision to Transform Modern Farming, **Gopal Agro** Combines Agricultural Science, Biotechnology, and Innovation to Deliver Effective Crop Nutrition Products For Farmers Across India and Global Markets.

We focus on :-

- Sustainable Agriculture
- Soil Health Improvement
- Higher Crop Productivity
- Eco-Friendly Farming Input

Our Company works Closely With Distributors, Dealers, Agronomists, and Farmers to Deliver Customized Agricultural Solutions For Various Crops and Climatic Conditions.

Vision :-

To Become a Trusted Leader in Sustainable Agricultural Inputs by Delivering Innovative Bio stimulants and Fertilizer Technologies That Improve Farm Productivity and Environmental Sustainability.

Mission :-

- To Empower Farmers With Advanced Crop Nutrition Solutions.
- To Promote Sustainable And Residue-Free Farming Practices.
- To Improve Crop Quality, Yield, and Stress Resistance.
- To Develop Research-Based Agricultural Products for Future Farming Needs.

Our Product Categories :-

Biostimulants :-

Our Biostimulants are Formulated Using Humic acid, Seaweed Extracts, Amino Acids, Protein Hydrolysates, Microbial extracts, and Natural Plant Compounds That Stimulate Plant Metabolism and Improve Crop Performance.

Water Soluble Fertilizers and chelated Micronutrients :-

We Offer Water Soluble Fertilizers and Chelated Micronutrients for Correcting Nutrient Deficiencies and Improving Crop Quality and Productivity.

Biofertilizers :-

We Offer Microbial Biofertilizers Containing Beneficial Bacteria and Fungi That Help in:

- Nitrogen Fixation
- Phosphate Solubilization
- Potash Mobilization
- Root Development
- Soil Microbial Enhancement

Organic Fertilizers :-

Our Organic Nutrition Products Improve Soil Organic Matter, Water Retention, and Microbial Activity for Sustainable Crop Growth.

Key Benefits of Our Products :-

- Improves Nutrient Uptake Efficiency
- Enhances Root Growth and Plant Vigor
- Increases Flowering and Fruit Setting
- Improves Resistance to Drought and Environmental Stress
- Enhances Soil Fertility and Microbial Activity
- Improves Crop Quality, Color, and Shelf Life
- Reduces Dependence on Chemical Fertilizers
- Increases Overall Crop Yield and Farmer Profitability

Industries & Crops Served :-

Our Agricultural Solutions are Suitable for Vegetables like Potato, Tomato, Chilli, Onion, Cauliflower, Cabbage, Turmeric, Ginger etc, Fruits Like Grapes, Pomegranate, Banana, Watermelon etc, and Other Crops like Cotton, Sugarcane. Every Crop, Plant and Tree.

Research & Development :-

Innovation is the Backbone of Our Company. Our R&D Team Continuously Develops Advanced Formulations Using Biotechnology, Microbial science, and Sustainable Agricultural Practices to Meet the Changing Needs of Modern Farming.

Manufacturing & Quality :-

Our Manufacturing Facilities Follow Strict Quality Control Systems and Advanced Production Technologies to Ensure Product Consistency, Safety, and Effectiveness. Products are Tested for:

- **Purity**
- **Stability**
- **Efficiency**
- **Shelf life**
- **Microbial standards.**

Why Choose Us :-

- **Innovative and Research-Based Formulations**
- **Farmer-Focused Solutions**
- **Sustainable and Eco-Friendly Products**
- **Strong Distribution Network**
- **Technical Agronomy Support**
- **Quality Assurance and Reliable Supply.**

Marketing Network :-

- **We Supply Products Through:**
- **Distributors**
- **Dealers**
- **Retailers**
- **Agri-Input Partners**

Our Growing Network Helps Us Reach Farmers Efficiently Across Multiple Agricultural Regions.

Commitment to Sustainable Agriculture :-

We are Committed to Supporting Environmentally Responsible Farming Through Products that Enhance Soil Biology, Improve Nutrient Efficiency, and Reduce the Environmental Impact of Conventional Agriculture.

" High Quality, Ultimate Power "

• BioStimulants As Per Under Section 6 FCO Standard

SR. NO.	GOPAL AGRO PRODUCT LIST	BRAND NAME
---------	-------------------------	------------

1. Humic Acid Base

1	Humic Acid 6% (Liquid)	Humic Rich
2	Humates(12.5%) (Liquid)	Humic Max
3	Mixture of Humic acid and Seaweed extract (Powder)	Root Prime
4	Potassium Humate 49% (Powder)	Humic Rich

2. Seaweed Extract Base

5	Seaweed (Ascophyllum nodosum) extract 7% (Liquid)	Seaweed Rich

SEA ULTRATM is a natural seaweed extract derived from *Ascophyllum nodosum*.

It contains essential nutrients, amino acids, vitamins and natural plant growth promoters that enhance plant growth, improve stress tolerance and increase yield.

BENEFITS

- ✓ Stimulates root and shoot growth
- ✓ Improves nutrient uptake
- ✓ Enhances flowering, fruit set and yield
- ✓ Improves quality and shelf life
- ✓ Helps plants to tolerate stress conditions

7 Seaweed (Ascophyllum Nodosum) Extract 18.4% Liquid

ABOUT SEA ULTRA™

SEA Ultra™ is a natural seaweed extract made from *Ascophyllum nodosum*, rich in bioactive compounds, vitamins, minerals and natural growth promoters. It improves plant growth, enhances nutrient uptake, increases stress tolerance and helps to improve yield and quality.

Benefits

Enhances root and shoot growth

Improves nutrient uptake and use efficiency

Increases flowering and fruit set

Enhances tolerance to abiotic stress

Improves yield and produce quality

SEA Ultra™

Seaweed (*Ascophyllum Nodosum*) Extract

100%
NATURAL
SEAWEED
EXTRACT

Composition

Seaweed (<i>Ascophyllum nodosum</i>) Extract	18.4% w/v
(Equivalent to 184 g/L)	
Other Ingredients	q.s.
Total	100% w/v

Contains Naturally Occurring:

Cytokinins, Auxins, Gibberellins, Vitamins, Amino Acids, Mannitol, Alginic Acid, Minerals and Trace Elements.

Recommended Dosage

Foliar Spray : 2 - 3 ml / Litre of Water

Drip Irrigation : 2 - 3 Litre / Acre

For best results, use regularly at critical growth stages.

Magnesium Sulphate

100%
Water Soluble
Fertilizer

BLOOM POWER™

Nourish Plants, Enrich Future

MAGNESIUM SULPHATE

100% Water Soluble Fertilizer

**Essential Nutrient for Vigorous Growth,
Greener Leaves & Higher Yield**

CHEMICAL COMPOSITION

Magnesium Sulphate (as $MgSO_4$)	99%
Magnesium (as Mg)	9.6%
Sulphur (as S)	12%
Moisture (Max.)	0.5%
pH (1% Solution)	5.5 - 7.0

Improves Photosynthesis
Enhances chlorophyll formation
for greener, healthier plants.

Prevents Magnesium Deficiency
Corrects yellowing of leaves
(interveinal chlorosis).

Enhances Growth & Yield
Promotes strong plant growth
and improves crop quality.

100% Water Soluble
Quickly dissolves and
gets readily absorbed.

USAGE

FOLIAR SPRAY

5 - 10 gm /
Litre of Water

ORGANIC MANURE

— Enrich Soil, Enhance Life —

RICH IN ORGANIC MATTER

BLOOM POWER™ Organic Manure is a high quality, natural soil conditioner made from carefully decomposed organic materials. It improves soil structure, increases water retention and promotes healthy root development.

BENEFITS

- ✓ Improves soil fertility and productivity
- ✓ Enhances soil texture and aeration
- ✓ Increases water holding capacity
- ✓ Promotes healthy root growth
- ✓ Eco-friendly and sustainable
- ✓ Safe for all crops and environment
